# University of the Incarnate Word®

# Bachelor of Science in Kinesiology - Exercise Science

Ila Faye Miller School of Nursing and Health Professions

### PROGRAM OVERVIEW

The Bachelor of Science (B.S.) in Kinesiology – Exercise Science at the IIa Faye Miller School of Nursing and Health Professions at the University of the Incarnate Word is for individuals interested in promoting positive exercise, physical activity, and health and wellness behaviors in children and adults. The program of study leading to the Bachelor of Science degree prepares students to pursue careers in the fitness industry as well as graduate education in exercise science, preprofessional or allied health fields. Graduates also acquire the knowledge, skills and abilities needed to become a certified fitness instructor, personal trainer and/or strength and conditioning specialist. Students in the Exercise Science concentration are prepared to become professionals who make a difference in the lives of others through assessing, designing and implementing physical activity and fitness programs and interventions for human performance.

Coursework and fieldwork give students training and hands-on experiences needed to evaluate health behaviors and risk factors, conduct fitness assessments, write exercise prescriptions and successfully promote the adoption and maintenance of a healthy lifestyle.

## **QUICK FACTS**

 UIW Kinesiology alumni have also found employment as physical educators, coaches, personal trainers, professional athletes and within professional sport management.

## **ADMISSION REQUIREMENTS**
