

DISCOVER THE POWER

OF YOU.

Master of Science in Nursing Leadership

Your future begins at the University of the Incarnate Word. Here you'll find one of the most successful nursing programs in the region offering excellent graduate programs including the Master of Science in Nursing Leadership degree. This flexible program of study allows the student to apply knowledge and expertise to improve healthcare for clients at the systems level of care.

The MSN in Nursing Leadership prepares nurses for roles in executive and advanced health care leadership. It provides administrative and management theory and skills to address organizational issues within complex healthcare systems and community-based agencies.

Unique Features

- Designed for working nurses who desire career advancement and a high quality graduate education.
- 31 credit degree plan can be completed in 24 months.
- Cross-cultural perspectives on health behavior and values, with an emphasis on existing health disparities.
- Opportunity for nurses to share diverse professional experiences and insights.

Application cycle begins every April for a Fall start date.
